Biotrue™ Multi-purpose Solution

Biotrue is inspired by the biology of your eyes™. It goes beyond cleaning by being the only solution to bring together three bio-inspired innovations:

- Has a lubricant found naturally in your eyes
- Matches the pH of healthy tears
- Keeps certain beneficial tear proteins active

Biotrue works like your eyes to provide you with the health and comfort your eyes deserve. So you'll find it easier on your eyes.

Calosport, a NEW lens spray for sports eyewear. From cycling, skiing, and golfing to running and swimming, sports enthusiasts have the long-standing challenge of cleaning and maintaining eyewear which is regularly subjected to steam, sweat, dirt, rain, and many other marks and stains.

The NEW Calosport boasts the following benefits:

- It ensures clear vision throughout the duration of sports activities with its anti-static and anti-fog formula.
- Ideal for use with paintball/skirmish activities.
- Calosport deals with residue, grease, grime, marks and stains (which inevitably affect sight when using eyewear for sports activities) while remaining a safe cleaner for both the user and their eyewear.

Calotherm Caloclean Optical Lens Cleaning Spray

- ✓ Alcohol free
- ✓ Solvent free
- ✓ Antistatic formula
- ✓ Environmentally friendly
- ✓ Safe for use on all frame types

Display pack of 12 x 25ml CFC-free pump sprays Caloclean formula provides an antistatic guard without the use of any alcohols or solvents.

This spray has been specifically designed for use on all frames types including rimless glasses and also delicate camera lenses where special care must be taken when cleaning.

Other sizes available: 220ml and 550ml
Caloclean 220ml Code: CCLEAN220
Caloclean 550ml Code: CCLEAN550

Calotherm Caloclean Lens Spray
25ml display pack of 12
Code: CCLEAN25

Calotherm Caloclear Spray

Calotherm's 'Caloclear' formula is designed to provide an antistatic and anti-mist guard whilst thoroughly removing dirt and smears. The formulation aids demisting when moving between hot and cold environments.

When used in conjunction with a Microfibre lens cloth the union creates an effective cleaning technique. Calotherm's cleaning sprays are not aerosols; instead they work with a pump action offering a safe alternative.

Calotherm Caloclear Spray
25ml display pack of 12 Code: C25

Calotherm Calocare Care Kit

Calotherm's Calocare Care Kit combines a Microfibre cloth 6 x 5 inch, a Caloclear 25ml lens cleaning spray and a handy screwdriver with magnifying lens (viewdriver). Display pack of 6.
Code: CCK

Calocoat Spray

The Calocoat brand is perfect for coated and polycarbonate lenses. Calocoat is the out and out cleaner in the range and is recommended for stubborn residue build-up. When used in conjunction with a Microfibre lens cloth the union creates an effective cleaning technique.

Calocoat Spray
25ml display pack of 12 Code: CC25

Calotherm Limited has been supplying unequalled, high quality Microfibre cleaning cloth worldwide since 1934. The company's reputation for distinction is known throughout a variety of industries whilst the name 'Calotherm' has become synonymous with Microfibre.

Calocloth is regarded as the finest microfibre cleaning cloth on the market. Unlike other cloths which have been laboratory tested, the Calotherm cloth actually removed grease and residue...rather than merely pushing it around. – De Beers LV. The special properties of the fibre have also been enhanced during the final stages of production. The cloth is reduced in size resulting in a greater concentration of fibres.

FUNCTION AND FASHION

Micro–Clair's premier line of brilliantly coloured microfibre cloths have caught the eyes of consumers and retailers worldwide, moving the company into the spotlight for good as the first in the industry to incorporate flair and fashion in the practical task of lens maintenance.

CareKits

Smart & Modern, the Trendy CareKit presents a microfibre cloth packed in a clear plastic case that snaps onto a 1.18 fl oz / 30 ml spray bottle of lens cleaning solution. A two headed optical repair screwdriver is also included in this practical kit.

Display pack of 12 pcs.

Code: MKIT

Cleaning Cloth Packs

The Original Micro–Clair®, who pioneered the world's most advanced lens cleaning cloth, is the established leader in the industry today, creating innovative products for leading eyewear retailers.

The famous microfibre cleaning cloth comes in a wide variety of solid colours and fashion prints. Each cloth (7x8 inches / 18x20 cm, with fine stitching around the borders) is packaged in a transparent vinyl case that fits perfectly in pocket or purse.

Display pack of 24 cloths.

SPORT RETAINERS

There's a reason why people call eyewear retainers Croakies®. We are number 1 in eyewear retainers. Croakies® Sport Retainers have been used by astronauts, climbers, fishermen, skiers, boaters, bikers, and every sport in between, for over 30 years. Croakies® retainers continue to be the best looking, toughest, most dependable eyewear retainers available. Croakies® products are made in the U.S.A.

**TITE END™ Adjustable**

The amazing TITE END™ with Infinity Grip is perfect for today's larger sport frames. The TITE END™ Adjustable has a soft slider bead to cinch it snug against your head or to wear it loose.

- 12" long (each side) by 3.2 mm (diam.) • TITE END™ fits most frames • tough woven climbing rope • adjustable black bead • available in KIDS size • washable. [Code: TITE](#)

Terra Spec Cord Adjustable

The Terra Spec-Cord is made from the same durable climbing ropes as the Terra Cords and attaches to your glasses with Croakies' Spec Ends.

- 12" long (each side) by 3.2mm (diam.) tough woven climbing rope • adjustable black bead • available in KIDS size • washable. [Code: TERRAS](#)

**Croakie Solids**

16" long 3/4" wide, neoprene rubber, 2" of adjustment, colourfast, original patented eyewear retainer, custom imprinting available.

[Code: CROAKIE](#)

Cotton Suiters

Adjustable and comfortable retainers, available in solid and trend colours. 14" long (each side) x 1/2" wide, 100% cotton, adjustable length, fits medium frames, washable.

[Code: SUITER](#)

FASHION RETAINERS

Croakies fashion eyewear retainers are contemporary, stylish and functional. The fashion line has a cord to fit everybody's taste with elements such as leather, cut glass beads, wood beads, semi precious stones and hand made glass beads.

Czech Glass World Cords

Glittering glass beads are strung together to form beautiful patterns and create the look of a fine piece of jewellery for your eyewear. These cords feature either our new slim and unobtrusive Tite End Too™ attachment or a traditional spectacle style attachment. 12 per pack.

[Code: WCH](#)

**Japanese Sparkle World Cords**

The square cut glass beads of Croakies' new Japanese Sparkle Beads reflect light and create a warm shine. Each delicate looking cord uses two different coloured beads to form a brilliant sequence. 12 per pack.

[Code: WJAP](#)

**Premium Leather Cords**

Premium Leather cords are a thin streamlined leather eyewear retainer. This eyewear retainer features either a traditional spectacle style end or our Tite End Too™ attachment. 12 per pack. [Code: SPECL](#)

**Braided Leather Cords**

The braiding of the leather strips gives these cords texture and interest. This eyewear retainer features either a traditional spectacle style end or our Tite End Too™ attachment. 12 per pack.

Braun 59405 battery charger

Universal Quick Charger BRAUN 1-For-All SMART with 5 LED's for rechargeable lithium-ion- and lithium-polymer batteries for most of the digital photo cameras, Camcorders, mobiles and MP3/4 players. Technical Specifications: • Battery control when battery is inserted and indication of remaining capacity with LED's • Micro-processor control and monitoring of all loading procedures • Charging current DC 3.6V/3.7V = 900mA; 7.2V/7.4V = 600mA • Disconnection by –Delta V when batteries have been charged • There are two contact pins which can easily adjusted to the contacts of the rechargeable lithium battery by an included plastic pin. Don't mind the polarity as there is an automatic polarity detection • Charging process is indicated by 4 LED's while batteries are recharged. The capacity level just in process is displayed by the flashing LED indicator while the other LED indicators for the charging levels already obtained are green • Short-circuited batteries or those which are defective can't be recharged and the fifth LED indicator flashes red.

Code: B59405

Konus 1736

- Magnification 35x–175x • D60mm F700mm refractor • Althazimuth mount • Two section metal tripod from 69cm to 116cm • Red dot finderscope " Stardot" • Two eyepieces – H8mm and H20mm • 2x Barlow lens • Moon filter • 1.5x image rectifier • Electric focuser • Moon and sky map • Carrying case • CD rom with astronomical software " sky Explorer " • Instructions.

Code: K1736

Konus 1786 Telescope

The Konusmotor–130 offers the triple advantage of a large 130mm aperture, an extremely compact tube and an impressive 1000mm focal length that provides a high magnification power.

This model includes a never-before-seen array of extra features: A soft carrying case, electric focuser, R.A. motor drive, Plossl eyepieces and the incomparable "Sky Explorer" software with its countless functions.

Multi coated mirror, equatorial mount with R.A. tracking motor, two section metal tripod from 67 to 107cm (2.3ft to 3.8ft), red dot finder, moon filter, 2 diam. 31.8mm (1.25") eyepieces Plossl 10mm and Plossl 17mm, moon and sky map, one "Sky Explorer" software in English and instructions.

Code: K1786

Konus 2328 10x42 W.A. Titanium

The new Titanium binoculars have spectacular optical quality and are now better looking than ever. The newest 10 x 42 model features a sleek open hinge design which enhances its appearance and maximises portability. Performance wise, they are supremely dependable because of their Bak–4 prisms, multi-coated optics, large eyepieces and long eye relief. Rubber covered and fogproof, they are an ideal choice for avid sportsmen and outdoors-men.

Code: K2328

Konus 2110 Giant 20x80 Binocular

Konus Konusvue Giant 20 x 80 yields a high 20 power magnification with a large 80mm objective lens. The Konus 20x80 Konusvue Giant is particularly suitable for astronomical use, as the oversized objective lenses provided great luminosity. It has a robust rubberized covering, fine performance in terms of magnification and good optical specification. Supplied with case, shoulder strap, lenses cover and instructions.

Code: K2110

Konus 7122

Model 7122 spotting scope can deliver the same image brightness as a full size binocular but at much higher magnification. It has a wide diameter of 100 mm and a zoom which takes the magnification from 20x to 60x. It has a green exterior and is completely waterproof. The metal body with rubber covering is anti-shock and the high precision mechanical construction guarantees precision and stability.

The eyepiece is located at a 45° angle with respect to the optical axis. It has an extendable sun shade and a lockable collar which allows the scope to rotate 360 degrees when mounted on a tripod.

Code: K7122

Note: Excludes tripod Code: B5000

BRAUN Professional Tripod 5000 recommended for use with 7122 scope. See Braun products page for illustration and description.

Konus 2120 7-21x40 Binocular

The Konus Newzoom binoculars feature a strong and rugged body with rubber armour and crisp optical quality.

The versatility of a zoom binocular is unparalleled since you have the option to change the magnification and switch from a large panoramic view to a close-up view of the smallest details.
